

Mary Newberry Mentorship Program

Mentee Application Form

Application Instructions & Information

Applications will be accepted on a rolling basis, and will be treated on a first-come-first-serve basis.

We will do our best to find an appropriate mentor, though we cannot guarantee a match or that a mentor will be available right away. We will reply within 30 days, at the latest, about the status of your application and whether we have been able to find a mentor.

As this will be the first cohort, we will be capping the number of concurrent mentorships at six. This cap may change in the future as the program progresses.

To apply, please fill out and submit the application form and the career development exercise to mentorship@indexers.ca.

Mentees accepted into the program will pay a \$100 fee. This will be due after the mentee has been matched with a mentor.

Any information provided will be shared with potential mentors that the coordinators think might be a good fit.
